

RESIDENTIAL STEAMBATHING
INCLUDING THE
TOTAL SENSE™ HOME SPA SYSTEM

STEAMIST®
RELAX. RESTORE. RENEW.

Bring the Luxury of Steam into Your Home

The popularity of creating an “in-home spa” by installing a steam shower continues to grow, and Steamist has applied sophisticated technology to take the luxury and benefits of a home steambath to new levels. The result makes Total Sense for today’s lifestyles.

Our Total Sense™ Steambathing System provides InstaMist™ and Steady Steam™ features that enhance the steambathing experience. And the Total Sense Home Spa System goes beyond steam, with the added luxury and therapeutic options of chromatherapy, aromatherapy and music.

The Benefits of Steam

If you want a special place to relax, restore and renew after a stressful day or a good workout, adding a steam shower will increase the value of your home, and enhance your lifestyle in many ways.

- Steam relaxes and soothes sore, tired muscles, and helps you release the tensions of the day.
- Steam stimulates circulation and helps rid your body of impurities and toxins.
- Many experts recommend steam as therapy for allergies, arthritis, asthma and other respiratory and circulatory problems.
- Steam hydrates dry skin with warm, penetrating moisture.
- Steam opens your pores as you perspire, which brings nutrients to the surface and can enhance collagen production.
- Steam can relieve or help prevent skin ailments such as eczema, athlete’s foot and acne.
- Steam lessens the effects of aging by helping your skin stay soft and smooth.
- Steam is environmentally “green,” saving energy and water.
- The average 20-minute steam shower uses less than one gallon of water. Compare that to a whirlpool tub that holds a minimum of 40 gallons of preheated water.

STEAMIST®
RELAX. RESTORE. RENEW.

Steambath Basics

You'll probably be surprised how affordable it is to purchase and install a Steamist steam shower to turn your master bath into a luxurious "home spa." The components of a basic steambath system are...

The Steam Generator fits almost anywhere.

The compact design of the Steamist steam generator means it can be easily installed in a vanity, a closet, an insulated attic or basement. Virtually maintenance-free, it's the heart of your steam shower experience. For your Steamist system, you will select either a Total Sense™ (TSG) generator or an SM Series generator.

Advanced touchscreen digital control for the Total Sense™ Home Spa System

Controls provide the perfect experience.

A variety of controls let you program your Steamist steam-bath for soothing joy at your exact temperature preference. The primary controls mount inside the steambath, and basic functions include on/off, programmable timer and temperature readout. Simpler on/off controls are also available for mounting outside the steambath.

The Steamhead surrounds you in warmth.

Delight in even, soothing steam distribution from all four sides, without "hot" or "cold" spots. Introduce aromatherapy essential oils into the steambath using the integrated "well" built into the top of the steamhead.

Designer Finishes

Complement your bathroom décor with matching finishes for the controls and steamhead.

“Best, Better, Good” Steambath Options

There’s a Steamist system for any home, including the ultimate Total Sense Home Spa System. Whatever you choose, you’ll get the many benefits of steambathing, and turn your bathroom into an oasis to enhance your health and well-being.

TSC-450

TSC-450T
Traditional Style

With finger-light touchscreen operation, the TSC-450 is the industry’s most advanced Digital Steambath Control.

Two user profiles can be programmed, so each user can customize steam shower to his or her preferences.

mySteamist

BEST

Total Sense™ Home Spa System

Selecting the “TSG” Total Sense steam generator allows you to enjoy the ultimate steam experience, by selecting up to three Total Sense Spa Options that touch the senses of smell, sight and sound... AromaSense™, ChromaSense™ and AudioSense™.

In addition, the Total Sense steam generator is equipped with two premium performance features...

- The selectable InstaMist™ feature provides quick-response steam in seconds, to get you into your steambath quickly.
- The Steady Steam™ feature quietly and continuously modulates steam output to meet your precise steam shower requirements without sudden temperature spikes.
- The mySteamist™ Mobile Application gives you remote control over your Total Sense Home Spa System. Download at no charge from iTunes or Google Play.

SMC-150

SMC-120

BETTER

Total Sense™ Steambath System

Selecting the “TSG” Total Sense steam generator without Spa Options gives you the premium InstaMist and Steady Steam™ features. And you’ll be able to add Total Sense Spa Options if you choose to in the future.

GOOD

SM Series Steambath System

Our most affordably priced system, the SM Series steam generator provides all of steambathing’s “relax, restore and renew” benefits. However, the SM Series will not allow you to add Total Sense™ Spa Options.

SM Series controls for inside and outside steamroom.

STEAMIST
RELAX. RESTORE. RENEW.

Spa Options for Total Sense™ Home Spa System

If you purchase a Total Sense steam generator, you can also install one, two or all three of these spa options that touch the senses of sight, sound and smell, for the ultimate steambathing experience.

Classic

Invisible

Wall-Mount Dock

AudioSense™

Enjoy your favorite music in the steam shower from your iPod® or any other audio source. AudioSense uses a special wall-mount dock for your iPod, wired to your choice of “Classic” exposed speakers or “Invisible” speakers that mount out of sight and transmit sound through the wall. Speakers sold separately.

Bluetooth® Technology

Wireless receiver connects to your smartphone, iPad®, iPod® Touch or any Bluetooth® enabled music player to your steambath from up to 30 feet away. You can connect up to six different devices.

ChromaSense™

With color, you can set a mood or take advantage of the benefits of chromatherapy. A single overhead fixture can produce “white light” as well as six different color effects, each associated with a stimulus or state of mind.

Green “Bliss”
relaxes the body & stabilizes emotions

Blue “Soulful”
soothing

Red “Energize”
increases metabolism & stimulates appetite

Pink “Relax”
tranquillizing & calming

Yellow “Creative”
increases awareness & stimulates appetite

Violet “Harmony”
reduces anxiety

AromaSense™

AromaSense adds fragrant essential oils into the steam shower to “Restore, Relax, Renew or Energize” for your pleasure or “Respiratory” to soothe your air passages.

Only AromaSense from Steamist stores two different, easily replaceable essential oil canisters, allowing you to make a selection without ever leaving your steambath.

Five essential oils are available from Steamist, in 120 ml canisters for the AromaSense module, and 10 ml bottles for placing essential oil drops into the “well” built into the steamhead.

RELAX

balances mood, clears the mind

Essential oils: lavender, lavandin super, orange, geranium, cedarwood, marjoram, frankincense

ENERGIZE

stimulates and empowers the mind

Essential oils: rosemary, lemongrass, orange, ginger root, red grapefruit, mandarin orange, cinnamon leaf

RESPIRATORY

soothes the respiratory system

Essential oils: sage, hyssop, eucalyptus globules, spruce needle, eucalyptus radiata, thyme, myrtle

RESTORE

refreshes and rejuvenates the spirit

Essential oils: orange California, pine needle, ho-oil, frankincense, patchouli, citrus labdanum, vetiver, cedarwood Virginia

RENEW

comforts and revives the soul

Essential oils: cedarwood Virginia, grapefruit, Peru balsam, lavender, lime, sweet basil, elemi, clary sage, angelica root

Steambathing Accessories

Our accessories selection includes two seating options to enhance the comfort of your steambathing experience.

Tilt-up Wood Bath & Shower Seat

Natural teakwood, with choice of four finishes for mounting hardware. 20" wide x 13" deep.

ADA Seat

Meets ADA requirements. Wall-mounted. Folds up against wall when not in use. Chrome-plated stainless steel frame, teakwood seat. 24" wide x 15" deep.

Frequently Asked Questions

If I select the Total Sense TSC-450 Digital Control, do I also have to install the complete menu of AromaSense, ChromaSense and AudioSense options?

No. If you purchase the TSC-450 Digital Control, you can then select all three Total Sense Spa Options, or choose AromaSense, ChromaSense and AudioSense as individual Spa Options. If you purchase a "TSG" Total Sense Steam Generator but choose not to install any of the Spa Options, you may purchase the TSC-250 or TSC-250T Digital Control, with or without the TSX-220 or TSX-220T on/off control.

What about maintenance?

The Steamist system is virtually maintenance-free, and is covered by a Limited Lifetime Warranty on the Steam Generators.

What's the difference between a Steambath and Sauna? Does Steamist offer Sauna room systems?

First, both steam and sauna systems provide similar benefits for your mental and physical well-being. The difference between a steambath and a sauna is basically "wet heat" versus "dry heat." Sauna room temperatures may actually be higher, but you may "feel the heat" more by adding steam. It really comes down to personal preference. A steambath system, however, can generally be more easily integrated into an existing bathroom or new home plan at lower cost.

Steamist offers a complete selection of Sauna Heaters and Sauna Room Systems.

Precautionary Warning Prior to Purchase Before using a steambath, please consult with your physician. If you are an elderly person, or pregnant woman, or suffering from heart disease, high blood pressure, diabetes, or not in good health, you should not use this device unless otherwise directed by your physician. If you have any other condition that requires the use of medication or drugs, it is also necessary to check with your doctor before steambathing. Avoid direct contact with the steam coming out of the steamhead and with the steamhead itself, as this could cause serious burns or physical injury. For additional information about the steam product and important safety issues, please visit our website at www.steamist.com or call us at 800-577-6478.
